

Cloud Catching

01

Look up at the clouds and choose a cloud that catches your eye.

Watch it as it moves across the sky.

02

What colour is your cloud?

What else do you notice?

03

How does it change shape?

What speed is it going?

04

When it has disappeared, draw a picture of your cloud.

05

Now Try

You can do this several times or on different days and fill a page with your cloud drawings.

Remember that above the clouds the sun is always shining. Imagine the sun behind the clouds.

Cipio'r cymylau

01

Edrycha i fyny ar y cymylau a dewisa gwmwl sy'n tynnu dy sylw.

Gwylia fe wrth iddo deithio ar draws yr awyr.

02

Sut mae e'n newid siâp?

Ar ba gyflymder mae e'n teithio?

03

Pa liw yw dy gwmwl?

Beth arall wyt ti'n sylwi?

04

Pan fydd e wedi diflannu, tynna lun dy gwmwl.

05

Nawr Tria

Galli di wneud hyn sawl gwaith neu ar wahanol ddyddiau a llenwi dy dudalen gyda dy luniau o'r cymylau.

Cofia uwchben y cymylau mae'r haul wastod yn disgleirio. Dychmyga'r haul tu ôl i'r cymylau.
